

Nicholas John C. Abeleda

Junior Full-Stack Developer

Philippines • +63993-419-3345 • nicos.abeleda@gmail.com • linkedin.com/in/nixs • <https://nixs-portfolio.vercel.app>

Junior Full-Stack Developer with 3+ years of hands-on experience developing modern web applications using frontend and backend technologies. Experienced in API integration, database management, and scalable application development

RELEVANT WORK EXPERIENCE

SNDM Sari-Sari Store Application, Batangas

2026 – Present

Lead Developer & Main Programmer

- Designed and developed a client-based POS and Inventory management system for a sari-sari store business planning multi-location expansion across Luzon.
- Built a Next.js web dashboard for centralized analytics and a Flutter tablet application for cashier operations.
- Implemented offline-first functionality with data synchronization to support unstable internet environments.
- Designed scalable database architecture to support centralized reporting and multi-branch inventory tracking.
- Collaborated directly with the client to gather requirements, plan system workflows, and refine UI/UX functionality.

Mindful Companion: Mental Health Chatbot

2025 – 2026

Full-Stack Developer & UI/UX Designer

- Developed a web-based mental health support platform featuring a hybrid rule-based chatbot and self—help tools.
- Designed and implemented both frontend and backend components of the system.
- Created responsive UI/UX layouts focused on accessibility, organization, and user engagement.
- Achieved 3rd Place in regional student AI category in STIRDC.

AI Virtual Assistant Platform

2023 – 2024

Personal Project | Python

- Developed a self-hosted AI virtual Assistant platform featuring real-time voice interaction, multi-user communication, and 3D avatar integration.
- Implemented conversation AI workflows, voice input/output systems, and avatar driven user interaction features.
- Built backend system in Python to support interactive sessions, event handling, and scalable local deployment.
- Explored multimedia processing, AI model integration, and real-time response optimization

EDUCATION

Occidental Mindoro State College, San Jose, Occidental Mindoro

Graduated: 2026

Bachelor of Science in Information Technology

SKILLS

Technical Skills: React, Next.js, Tanstack Start, Tailwind CSS, Python, Flutter, Dart, Git, Docker, PostgreSQL, Firebase, Supabase, Adobe Photoshop,

Languages: Filipino (Native), English (Fluent)
